RUMFORD CENTER
Mr. and Mrs. Elias Jacobs were week end guests of Mrs. Jacobs' sister in law, Mrs. Arthur Lane and two sons, Harold and Ralph, went to Harrison with them and stayed with Mrs. Tessa Fleck and family.
Mr. and Mrs. James Robertson and four children and friend Everett Woolly of Smithville were Sunday guests of their daughter, Mrs. Willard E. Wyman, on Hall Hill.
Mr. and Mrs. Arthur Salome and daughter, Muriel, have returned to their home in Canada after a months visit with relatives here and in Portland.
Mrs. Daniel Spaulding has returned to her son's, Earl Spaulding's, after a visit with her daughter, Mrs. George Wills in Mexico.
About fifty members of Rumford Grange were guests of Lone Mountain Grange in Dover, Oct. 6. A delicious dinner of mashed potatoes, ham, salad, hot rolls, cheese and all kinds of cakes and pies was served at noon. At the open meeting in the afternoon a fine program was given by members in both granges.
A large aeroplane from Vermont is located in Jos. Gauthier's field at East Rumford all this week, and carrying passengers on short trips. Sunday about one hundred cars were parked at one time along the road and many people came on foot to see it fly.

EAST HEBRON
East Hebron Grange entertained Androscoggin Pomona, Oct. 3. The principal feature was an address by E. T. Clifford on the proposed 48 hour law and a discussion of the same by the members.
The Ladies Circle met at the vestry for an all day meeting, Oct. 5. An old fashioned boiled dinner was served at noon.
The Grange fair, was held September 27. The exhibits of fruit, vegetables and needle work were unusually good. The drama "Arizona Cow Boys" was played in the evening to a full house. The Melodie Orchestra from Berlin, N. H., furnished music.
Farmers are very busy trying to harvest their crops. Good harvest hands seem to be scarce as ever.
There is this to be said in favor of old fashioned people. They usually are on the safe side, while the people laughing at them may be sinking into the mire.

MAINE STATE S. S. CONVENTION

Legislative action with regard to religious education is to have a place on the program at the State Sunday School Convention at Waterville, October, 17, 18, and 19, and one of the speakers upon this topic will be the State Senator from Cumberland County, Hon. Ralph O. Brewster, prominent in the last legislature in the movement to prohibit state appropriations for sectarian schools. Mr. Brewster is a prominent attorney in Portland, a skilled debater and speaker, and earnest in his advocacy of granting week day time from the school schedule for religious instruction. He will speak on Thursday evening at the Convention on "The State and Religious Education." Inasmuch as the relation of the State to sectarian schools and religious education in general is likely to be considered at the next legislature, Mr. Brewster's address will be of utmost interest. Dr. Augustus O. Thomas, State Superintendent of Schools, will bring greetings from the State Department of Education on the same evening and Dr. Hugh S. Magill of Chicago will speak on "A Complete Program of Education in a Democracy."

OXFORD

Fore Street
Melissa Twitchell, who is teaching in Skowhegan made a flying trip home Sunday, Sept. 30, a distance of 99 miles one way. She is well and enjoying her school as formerly.

At Twitchell and family, Mrs. E. E. Twitchell and daughter, Christina attended conference at Bridgton, Sunday, Sept. 30.
Business seems to be pushing at "Mill City" here on Fore St. New dwellings spring up as it were in a single night. Merry voices of children mingling with the cheery whistle of the men, rumble of machinery and screech of the cutting saw, thrills one to life and activity these beautiful fall days.
The wood yarded near by last winter is being hauled away load after load as this one and that one make ready for the approaching winter. Walter Cullinan owns it we understand and sells as buyers need.
Mike Renold has a horse.
Henry Greenwood is working for Leon Twitchell and John Wansmaker for John Grover.

MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Windom, Minn.—"I was so run-down that I was just good for nothing. I was to become the mother of my ninth child, and I thought I did not have the strength to go through with it. I took Lydia E. Pinkham's Vegetable Compound, and it has surely done all I could ask it to do and I am telling all my friends about it. I have a nice big baby girl and am feeling fine. You may use this letter to help other sick mothers."—Mrs. C. A. MOEDE, Box 634, Windom, Minn.

My First Child

Glen Allen, Alabama—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYE, Glen Allen, Alabama.

Over a million and a half paid to Maine people

Since January 1, 1913, Central Maine Power Company has paid out in preferred stock dividends over one million eight hundred thousand dollars.

Because over 97 per cent. of our stockholders are Maine people, virtually every cent of this money was paid to Maine people—was spent with local merchants or deposited with local banks, or reinvested in Maine industries.

Do you see why it pays best to keep the earnings of Maine water powers at home by financing home hydro-electric development among home people?

The Company is now working upon a 11,400 horsepower program to take care of the increasing needs of Maine homes and industries.

The money needed to finance this new development will be raised almost wholly from conservative Maine investors.

Why don't you, too, put your money to work in Maine to develop Maine power by buying a security owned by nearly 11,000 Maine people. Both you and your town will be the gainers.

The price is \$107.50 a share. The yield is 6 1-2 per cent. net.

Mrs. Ernest Talbot, motored to Lewiston, Friday, to visit Mrs. Arthur Talbot and Bernice Cummings, who were at the C. M. G. Hospital. Mrs. Elmer Twitchell, Mrs. Alvin Lovejoy and Mrs. Ai Twitchell accompanied her. Mrs. Talbot was very comfortable, though not able to sit up, not knowing when she'd be able to come home. Miss Cummings was sitting up and expected to come home Sunday, Oct. 7.

Mr. and Mrs. Ai Twitchell and E. E. Twitchell were among the Oxford Fore St. people who attended fair at Waterford, Oct. 6.

Our mail carrier, Mr. Dudley, is giving as good satisfaction as any one could after having a man like Mr. Holmes for so many years on the route.

Four new scholars added to the roll of Oxford Fore St. school coming from the Tracy family living here at Mill City. The Mill City was quiet as the nearby cemetery all day Saturday. Presumably all were at the World's Fair at Waterford. Not a whistle of child, man nor machinery nor stir nor sound of any kind from early dawn 'till dusk at eve.

Leon Twitchell's dog, Skip, was the victim of auto traffic last week. The cement road though good and wide seems too narrow for autos, dogs, cats and fowl, as the latter silently testify.

E. E. Twitchell serves on the Grand Jury at South Paris this October term of court.

Mrs. E. E. Twitchell and Flora Cummings had a most enjoyable ride on one of our lovely fall afternoons with Judkins Cummings and family of South Woodstock, through South Paris, Hebron, West Milford and home by the way of Mechanic Falls.

Mrs. Josiah Treblecock visited her daughter, Mrs. Leon Twitchell, and family, over the week end.

Mr. and Mrs. Alanson Cummings of South Woodstock were Sunday and Monday guests of Flora Cummings.

Since finishing work in the Oxford coat shop at Waterford, in the road with his father in the fruit business again.

Mrs. Charles Allen, Iva Allen, Bert Divinal and his sister, Lelia Crockett, went in company to the World's Fair at Waterford.

Letters from California tell us that P. W. Judkins is enlarging his house in Merced City where his family are to live after Oct. 15. This home is near that of his niece, Edna Cummings Bell, daughter of Flora Cummings.

NORTH CHATHAM, N. H.

Most every family from this place was well represented at the West Oxford fair at Fryeburg and report a fine fair with nice weather.

Several from this place attended the World's Fair at North Waterford.

Eagle Grange met Saturday night with a good attendance also a fine meeting. Deputy Ford with others was there. Refreshments were reserved and the second degree was exemplified on Mrs. Mabel Charles and Marion Young.

Mrs. Cora Smith, Mrs. Bertha Howard, Mrs. Dexter Wiley visited at the Royce House, Friday. Mrs. Wiley slipped on the hardwood floor and strained a muscle in her leg, causing her to be unable to bear any weight on it.

We are sorry to hear Gladys Bell of Fryeburg Center broke her wrist in an auto accident.

They are making great improvements on the highway between the postoffice and the A. M. C. Church.

The next meeting of Carroll County Pomona Grange is at Conway with Elmwood Grange the 23rd of October. Let's all try and go for it will be a very interesting meeting.

World's Fair

Waterford Fair Notes

Gene Nelson: "They never run out of food at North Waterford. You can't eat 'em out. They get impatient sometimes standing in line to get in but there is always food enough."

Two revolvers, a flask of whiskey and a tin can of high wine found in a car created a still hunt and caused the arrest of Fred Goodnow of Gilead. Deputy Sheriffs A. E. Nelson and Harry King were the officers with J. F. Williams, Highway road officer of Sebago. Goodnow was unable to make satisfactory explanations and was taken to the Paris jail to appear before the Norway Municipal Court.

John E. Lord with crutches was seen in an auto. He said a Lewiston doctor was going to cure him but up to now he hadn't. He is improving however. Mrs. Jury of Portland was in the car and was selling hand-made belts of various colors for a dollar and a dollar and a half each.

Cad Pride and Elroy Dean were seen talking together. It's funny how "like kinds and business" associate. No doubt Cad was comparing notes of his 13 years service as selectman of Waterford with the year of experience of Mr. Dean in the same line of work in Paris. Unable to state the conclusions.

Mary Perry is to go to California this winter. Sure thing. He takes his wife along with him and closes his old home in Sweden. Mark says there isn't much show for him to become a millionaire here, so he is going to the Pacific coast.

Gus Andrews of North Lovell was seen carrying his great-grandchild in arms about the Fair Grounds. It was a nice looking youngster not quite old enough to go alone.

Jos. L. Kimball of the Harbor, Fryeburg, has cut and got into the barn 20 tons of hay, doing the work himself with horse and machinery. "Oh! I Can See a Lot Better Now"

Of course you can! When properly fitted glasses relieve the strain on the delicate eye-muscles and nerves, you can tell the difference at once.

Perfect vision is a rarity. Many persons suffer the ill effects of impaired vision because they do not realize to what extent their sight might be helped with properly fitted glasses.

It is such a simple matter to find out whether or not your eyes need glasses that no one should continue to put it off from day to day. Why not call and see me?

Spectacles for Horses.
It appears that among the many unique inventions of a more or less practical nature there are spectacles for horses. The purpose is said to be not to improve the sight, but by causing the ground in front to appear nearer than it really is, to induce the horse to take high steps. After a training with such spectacles, it is averred, the horse acquires and retains the habit of high stepping. These spectacles, it is said, are largely used in England by lovers of horses of the "thoroughbred type."—Washington Star.

POMONA GRANGE MEETING

At South Waterford
The Pomona Grange at South Waterford, Oct. 2, a partial report of which appeared in the Advertiser, from its West Paris correspondent, was indeed a fine affair and declared on every hand one of the very best ever held in the county. The guest of honor was U. S. Senator Bert M. Fernald of West Poland who was given a royal welcome. He has been a granger for some forty years and he is the special pet of the farmers of Maine and who is there that knows him that doesn't like Bert M. Fernald? He is not only one of the most popular men in our state, but also in the Senate of the United States. All these are his firm friends and the senate pages all swear by him, whatever measures he champions are sure of consideration and most likely to be enacted into law. He accomplishes results, and such as his constituents approve.

Senator Fernald said he had been in nearly every state in the Union and nowhere were they quite equal to the men and women of Maine. He spoke in high terms of the citizens of Oxford County, and said there was ability enough among them not only to run their own municipal affairs economically and well, but the affairs of the state and nation.

He feelingly complimented little Miss Charlotte Longley of Norway, who had recited some verses in his praise, and presented him with a splendid bouquet of flowers—and remarked that he had received a finer tribute during the whole of his public life.

Senator Fernald's principal topic in his speech was, "Excess Profits" which he showed were ultimately paid by the consumer. At the close of his speech he was long and loudly applauded. The other parts of Lecturer Saunders' program were well performed and when the meeting adjourned all felt that it had been a red letter day in the history of the grange. The following are Miss Charlotte Longley's verses of welcome to Senator Fernald:

A leader of our good old State,
Is with us here today;
He's honored us, we'll honor him,
Forever and a day.
And I do hope, he'll not overlook,
For guest and neighbor ones to see,
At Washington and Poland Springs,
A little girl like me.
Success to him, in earnest wish,
He leads old Maine and us along;
This floral gift, speaks from our hearts,
Our trust—"Ever and for aye."

"NO RECORD"

"I paid that bill two months ago," said the customer.

"There is no record on our books to show it," the man behind the counter replied.

The discussion went on, but like nearly all such controversies it did little good. Finally the customer paid the bill but he was still unconvinced.

Today he realizes that the lesson he learned was worth all that it cost. He pays by check. Do you?

RADIO

Willard

As you know, every radio set equipped with one or more tubes requires two kinds of batteries—“A” battery to supply the current which heats the filament of the tube, and one or more “B” batteries to supply current for the plate circuit of the tube, which reproduces the incoming signals and causes the vibrations in the diaphragm of the phones that make the signals audible.

While battery noises may be due to either A or B batteries, or both, it is the B batteries which are the principal offenders, for the reason that they are right in the phone circuit, while A batteries are not. Because they are in the phone circuit, any disturbances caused by or within the B batteries immediately affect the vibrations of the phone diaphragm, producing a variety of harsh, discordant sounds. The intensity of this disagreeable effect, of course, is greatly increased when amplified, especially where loud-speaking apparatus is used.

The battery disturbances which cause noise are set up in several ways, differing according to whether dry cells or storage batteries are used to supply the plate current.

DR. THACHER'S GREAT TONIC BRINGS QUICK RELIEF IN NUMEROUS TESTS

HIS PRESCRIPTION IS GIVING HAPPINESS TO THOUSANDS

Stubborn Cases of Indigestion, Nervousness, Constipation and Run Down Health Yield to Celebrated Vegetable Tonic.

With thousands of persons now telling of their own personal experiences as evidence of relief, there is little wonder that druggists throughout this section report a marked increase in the use of the great vegetable tonic made famous by Dr. H. S. Thacher, distinguished American physician.

There is an excellent reason why druggists are continuing to sell it under a standing guarantee. Dr. Thacher’s tonic contains a combination of the finest health building ingredients known to modern medical science—prescribed by the most eminent doctors in the United States and Canada.

Put To Many Tests

Test after test has been made! Reports prove conclusively in more than 500 cases of record that Dr. Thacher’s tonic gives quick, lasting relief in cases of indigestion, nervousness, constipation and a general run-down condition of the system.

Records of leading druggists show that of every 5,000 bottles sold there has been an average of less than two returns. Yet every bottle of Dr. Thacher’s tonic (known as Dr. Thacher’s Liver and Blood Syrup) is sold with the understanding that the purchase price will be returned without question unless this tonic gives quick relief.

Following are reports taken at random from the test cases of record. Names, addresses and complete information regarding these tests will be furnished those professionally interested.

Indigestion

Case 289—This gentleman had been troubled many years. He had tried tablets, pills and medicine of various kinds but had been unable to get lasting relief. His digestive organs were in such condition that food soured on his stomach, caused gas and bloated. He became constipated, his health broke down and he was forced to lay off from work for days and weeks at a time. In a few days, after taking Dr. Thacher’s tonic (a spoonful in a wineglass of water after

meals), he felt fine again. “My appetite is hearty,” he said, “and my digestion fine. My nerves are steady. I can sleep the night through without rolling and tossing in bed. I am no longer constipated, weak and run-down, but have regained my strength, energy and vigor and feel fine.”

Nervousness

Case 89—Because of her nervous condition this woman was unable to get refreshing sleep or properly digest meals. Food soured on her stomach, bloated her and did not give her the proper amount of nourishment. Her nervousness became so “unstrung” she could do only the lightest kind of housework.

From the very first day she began taking a spoonful of Dr. Thacher’s Liver and Blood Syrup in a wineglass of water after meals, her appetite improved, digestion improved and she appeared to be getting more nourishment from her meals. Her complexion showed a healthier and more attractive color and she looked much better in every way.

“I feel fine,” she said. “I can now do my housework and walk to the market without feeling tired. My

COULD DR. THACHER QUICKLY HELP YOU FEEL FINE AGAIN?

Did you ever stop to consider why you feel badly at times? Why on certain days you feel weak, cheerful and full of “pep”—and other times when you wake up dull, tired and “headachy”—why people suffer at times from indigestion, constipation, nervousness and the many symptoms of a sluggish stomach and acid condition of the stomach and blood?

There is a cause! And your trouble can be corrected, often quickly, if you start the right treatment in time.

Read the article on the left, showing what Dr. Thacher has accomplished in 500 actual tests of record.

nerves are steady, my meals are relaxed and my digestion is splendid. I get plenty of sound, restful sleep and wake up mornings feeling cheerful and full of energy. This splendid tonic did wonders for me.”

Chronic Constipation

Case 46—This person’s bowels neither moved thoroughly nor often enough to keep the system thoroughly cleansed. Frequently suffered from sick headache, indigestion and annoying pains. Dr. Thacher’s Liver and Blood Syrup did not pain or gripe like harsh cathartics, but induced a pleasant, gentle and thorough movement of the bowels. As the dosage was gradually cut down the patient’s bowels continued to move regularly and the patient was soon able to leave off the doses entirely.

“This tonic has certainly struck the keynote of my troubles. I am nervous, bilious, ‘headachy’ or dizzy now. My bowels invariably move twice every day and I feel so much better.”

Try This Tonic Under Guarantee

Take a delicious tablespoonful of Dr. Thacher’s Liver and Blood Syrup after the next meal. Notice the quick difference in the way you eat, sleep and feel! Keep this up a few days, and let this vegetable tonic increase strength, energy and vigor. Your money will be returned at once unless you get complete satisfaction. You are the only judge—and your decision as to its merits in your case will not be questioned.

BATES—WEST PARIS

Trap Corner

Sunday guests at Mrs. Mary Stevens' were, Mr. and Mrs. C. B. Stevens of Portland, Mr. and Mrs. P. R. Andrews of South Woodstock, Mr. and Mrs. Ernest Hamanford, Berlin, N. H., Mr. and Mrs. Walter Ross and son of Gorham N. H.

Mr. Mary Stevens and Minnie Stevens were in South Paris one day last week.

Several from this vicinity attended the World's Fair at North Waterford, Saturday.

Ellis Ellingwood spent the week end at his home.

Mr. and Mrs. Earle Treworgy and Raymond Dean called at Harris Ellingwood's, Sunday.

Mr. and Mrs. C. R. Briggs and family were in Bethel and Waterford, Sunday.

WELCHVILLE

Mr. and Mrs. Sherman Grant and Mrs. Minnie Barr are home after spending a few days in Chichester, N. H., visiting Mr. and Mrs. Clayton Lovejoy formerly of Welchville. While there they visited the city of Concord and the towns of Pembroke and London taking in the London Grange fair in the afternoon and a drama in the evening, returning Chichester in time for a fine supper served by the Chichester Grange. They made the trip overland in Mrs. Barr's beautiful car and had a delightful time with a promise to visit Mr. and Mrs. Lovejoy next year.

World's Fair

North Waterford village was the setting for the big annual event, Friday and Saturday, October 5-6. Everybody and relatives were there, from aged grandparents down the family tree to infants three months old or even less. The most of the folks made the trip in autos, with drivers in the majority. Of course horse and ox drawn vehicles were present but almost smothered by the avalanche of gas propelled machines.

"Biggest crowd ever here" was the general comment from old timers familiar with conditions the past 50 years. Best of all, the real community spirit was in evidence. Time was found for visiting and rubbing elbows with relatives and acquaintances of former years with good cheer on every side. The crowd was orderly and jammed conditions in the hall, at the dances or along the midway failed to upset the good feeling prevailing throughout the fair.

Hall Exhibits

This year, as last, the hall exhibits were displayed in the well known W. S. Perkins store across the road from Rice Tavern. The vegetables and novelties were shown on a table in the center of the room, while salespeople displayed their wares along three sides. E. M. McKen, a familiar figure at the World's Fair the past 12 years, was in charge and looked after affairs with promptness.

Harry Brown had a good display of garden vegetables including pumpkins, squashes, beans, tomatoes, beets, Swiss chard, vegetables, etc.

Harvey W. Kimball showed several large squashes.

E. W. McKen's collection included beets, cabbages, carrots, potatoes, squashes and a rare white pumpkin. Mr. McKen stated the seed was purchased and planted for an experiment.

Highland Farm had sixteen cans of nice things. There were beet greens, string beans, blueberries, Swiss chard, corn, tomatoes and other things in the collection. The sage and domestic cheeses were fine to look upon and undoubtedly nice to the taste.

Norway Town Farm exhibited a ripe cucumber seventeen inches long, potatoes, beets and drum head cabbage.

Leroy H. Hersey showed a basket of potatoes from twelve hills. This was 8rd year seed originated and grown by the exhibitor.

E. B. Hersey & Son had twenty-one varieties of apples neatly labelled, grapes and squashes. Alfred Hersey showed traces of White Rice Popcorn.

Mrs. C. A. Hersey's bouquet containing a variety of dahlias was very attractive and a beautiful arrangement.

Mrs. Lydia Lord Shedd offered an interesting exhibit showing many things she collected in Florida. Among the interesting curios were sea shells from Palm Beach, souvenir photos and post cards, a coconut in the burr; a basket made from the long pine needles and samples of the pine cones. A monster bean pod from the Royal Garden at Palm Beach put the Maine grown varieties into a small class.

Vegetables raised in Waterford the past summer from Florida seed, also a variety of flowers were shown. She had a variety of canned goods containing the product from the seeds. Many native vegetables.

Mrs. W. B. Cummings had for sale boudoir caps and crocheted work which were fine specimens of needlework.

Mary C. Hersey, aged nine years, offered samples of her work, including a large patchwork quilt neatly embroidered, and a crocheted scarf.

Mrs. W. E. Rice, Norway, offered a fine collection of guest towels, embroidered pillow slips, fancy aprons and many beautiful pieces of delicate handwork.

Latest millinery creations for the coming season were shown by Hazel E. Bicknell of the Fashion Shop, Norway, and Mrs. Freelove of Bridgton. Mrs. W. E. Rice had a large sale at her stand displaying bead neck chains, gift and souvenir cards, novelties, etc. W. C. Williams, Readfield, had a large line of rings, pins, jewelry and leather goods.

Midway

Every foot of space in the square was occupied by tents, booths, hucksters' wagons and other outposts assembled to catch the coin. At least three streets were laid out to accommodate this army of fakirs and give all an equal change with some 6,000 persons meandering the grounds.

Hatch and Littlefield's merry-go-round of North Waterford located on the usual spot attracted a large patronage and was the center of industry during the rush hours, Saturday.

Mrs. Sidney Hatch collected on the machine, engineer Littlefield handled the motive power and Ezra Lebroke was general assistant and handy man. This machine is a veteran in the local amusement world having been in action many years. The present owners have installed considerable pep into the works and the outfit is good for many future World Fairs.

J. Smith, a colored musical moke, entertained with a collection of soup bowls. His scheme was to hammer popular songs and poetic gems from this crockery.

Homer Truman, well known wrestler, was there with his athletic show. Boxing with local fistic stars in the ring was added to the wrestling and the crowd went inside to witness the struggle. Mr. J. Billings was ticket man and Mrs. Truman collected at the door. Homer was outside the crowd and had the knack of keeping the crowd around.

"Doctor" John Dorsey and wife entertained with snakes and sold pain killer liniment. Chilling breezes from the snow capped White Mountain range put a crimp in the snake department and these reptiles were not up in their act as in former years.

E. A. Whitehouse of Boothbay Harbor offered a novelty by presenting several Eskimo sledge dogs and puppies from Baffin Land. He also had arctic trophies collected on his trip to the frozen North with Don MacMillan as engineer during the first expedition lasting 14 months.

Mr. Whitehouse is training a team of six dogs for racing at carnival time next winter. These animals are pure bred and gentle but gamy sports when on the course. He was at the Lewiston carnival last winter but the race against Walden's team was not run.

R. P. Skeetop, a Passamaquoddy Indian residing at West Scarborough had a large collection of sweet grass baskets largely the work of his son Richard Porter Skeetop, aged 9 years. The lad uses his spare time while attending the public school in basket weaving. According to his father, he is the champion of his age in New England and can reproduce with rattan or grass almost any object.

A young man, grinding an organ, located in an automobile and singing love songs attracted many of the young set.

KIDNEY TROUBLE RELIEVED BY "FRUIT-A-TIVES"

Began to improve as soon as She took this famous Fruit Medicine.

39 North Ashland St., Worcester, Mass.

"For years, I was a sufferer with Kidney Trouble and Rheumatism. Eight years ago, I was laid up for seven months, scarcely able to move hand or foot. My hands were so swollen that they looked as large as loaves of bread."

There was suppression of the kidney secretions and I was in a terrible condition in every way. About this time, "Fruit-a-tives" was brought to my attention. As soon as I began their use, I could see improvement. I was relieved of Constipation and Liver Troubles and have been 100% better of Rheumatism and Kidney Disease."

Mrs. ALBERT A. YOUNG.

"Fruit-a-tives" will relieve all troubles such as Rheumatism, Sciatica, Lumbago, chronic Neuralgia and Headaches, Pain in the back and Kidney Irritation, when these troubles are due to non-action of the bowels, as they usually are. "Fruit-a-tives" regulates the bowels, rids the system of waste matter, keeps the blood pure and rich, and in this way, gives prompt and effective relief.

"Fruit-a-tives" are made from fruit juices combined with tonics. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by

World's Fair

A sign told his business as follows: "Coast to Coast Singing—Portland Ore. to Portland, Me." Incidentally he sold copies of the songs.

The usual fair ground jewelry, souvenirs for the children, gas balloons and motto sleeve bands for the romantic were in evidence. Dolls, blankets, furs, clocks, fancy lamp stands and the like to be won with various schemes said to be games of skill went like hot cakes. Hot dogs outside cool drinks. Popcorn put out by "Bridge of Bridgton" and other vendors was a favorite article. Candy floss, fruit and "kisses" found a ready sale.

Among the local vendors were the Twitchells of Oxford, with fruit, etc., Asaph Richardson furnished hot dogs and lunches. Bill Card of Waterford operated a soft drink and hot dog stand along the midway and Mrs. Card presided over their "Life Saving Station" located on the road leading past the grange hall. The Stoneham Church had a neat tent and equipment where homemade candy was sold.

Edwin Gammon of Norway operated a team game and Bob York formerly of Norway kept a hoop-la outfit going with many nice prizes to stimulate trade. Harry Isaacson of Auburn and W. A. Naimen of Oxford sold men's garments. The sweater and reefer business was good at both stands. "Jim" Quinn of Oxford, in a "Mourning Man" and had a crowd shooting balls at the diamond mouth. Henry Downes, a familiar figure in this section, interested the heavy weights in his high striker and made some coin.

Ober Kimball was at the head of a refreshment booth conducted for the No. Waterford grammar school. Madam Stanley as palmist and clairvoyant interested the love-sick and fortune seekers with a dowsy line in keeping with the fee collected for the information.

Beside the Congregational Society, W. H. Ray at Rice's Tavern and Mrs. John McAllister catered to the masses seeking a big dinner for a small price. Both places were largely patronized and a delicious menu was served during the fair.

Drawing Horses

Two classes opened this department Friday afternoon with strong competition. The exhibition was good with plenty of excitement to urge along the drivers. John M. Wood's pair weighing 3200 cleaned up by a wide margin the 2800 and over class, while the Farmers' Union, Wood combination walked away with the 2800 and under, the pair weighing 2750.

The free-for-all Saturday afternoon with John M. Wood's heavy pair driven by Dick Wood an easy winner.

Pulling Cattle

This part of the show fell off on entries and the matches in the oxen classes dwindled to pair 6 feet 6 inches and under with two contestants. C. P. Learned's team won easily over Ernest Pike's yoke. A special class was made to fit Charles Hersey's famous bull featuring "Beach Hill," a powerful Jersey, and "Fred," a shorthorn animal. Alfred Hersey, aged 19 years, wielded the goad and proved himself a master hand and not many laps behind his father in the game. The pair hauled the load 100 ft. This is an unusual team and has been trained by Mr. Hersey for general farm work. They are tough as iron and can do many strong stunts when brute strength is needed.

The yearling steers made a good exhibition with a light load. Charles Rice aged 10 years of Waterford swept the board with his pair and covered 260 feet with time to spare. The boy is a regular teamster. Howard Millett, aged 12, also of Waterford, performed nicely with a yoke of yearlings and could handle the oak stick. Charles Hersey was not so fortunate with his pair and barely escaped with a 5 foot mark.

Cattle

Exhibits in this department were hitched along the highway near the church and in the meeting house stalls. Howard Millett showed a pair of yearling steers along with a pair of steers and a Jersey bull by E. B. Hersey & Son. A. J. Harkins, six months Ayrshire calf. C. P. Saunders, four year olds, matched oxen.

H. W. Stetson, Jersey bull, two years old; H. W. Stearns, Hereford bull; Geo. H. Rice, yearling bulls and 3 year old Jersey.

George H. Rice two year old steers; M. D. Kimball, odd steers.

Walter A. Lord, bulls, Hereford 3 years old, matched steers.

Several yoke of oxen were shown by E. L. Pike and Charles Learned.

C. A. Hersey had his well known bull team, "Beach Hill" and "Fred."

Dancing

Everybody stepped lively Friday evening and Saturday morning and evening at the I. O. O. F. and Waterford Grange Halls. Both places were crowded and "they call it dancing, that's all."

Shaw's Dance Team of South Paris snatched 'em up at the I. O. O. F. hall where the proceeds go to the local lodge. Odd fellows. This has been a popular place in many years and none the less successful this season.

At the grange hall where a maple floor is said to be the best in three towns, "Plinty's Festive Fiddlers" kept a large patronage stepping lively. The musical team included Mrs. Roy Wardwell, piano; Millard Littlefield, drums and Fred Littlewood, violin and banjo. A motto "East fiddling for frolicsome fidgety feet" was well said and expressed the situation.

Pick-Ups and Observations
Young people bedecked with motto ribbons made conspicuous objects on the landscape. The expressions were touching. "Let's Get Acquainted." "Let me hold your hand" and other mushy

stuff attracted the eye at every turn.

Pretty easy money pinning a bit of ribbon to the lapel of a man's coat and collecting a dime. They do it at all fairs. Blanket sellers predicted a very cold winter and urged stocking up with their wares. How many landed a blanket without dropping twice the retail price at home?

The inexhaustible pitcher suspended by a string, pouring a dark fluid into a bowl was an attraction at V. H. Whitman's candy floss tent. This was one of the features at Old Orchard last summer. Apparently everything was going out and nothing coming in, but there was an inlet cleverly concealed and found by using some horse sense and sharp eyes.

Clyde Andrews of Eolaster's Mills claimed he lost \$28 on Friday. He showed a torn hip pocket where he said the money was carried and must have been picked. This started a pickpocket scare and several false rumors.

The Perkins field north from the church was used for public parking and perhaps 200 cars found a resting place there. Many private grounds were open at 25c per car and the highway also served the purpose.

Either the pulling must seek other quarters or traffic detoured around the road during the matches. The congestion was bad in spite of traffic officers. This delayed the sport and carried an element of danger. The liability of accident is great and might hurt the show if the worst happened.

Estimated attendance Saturday is set between 6,000 and 7,000, probably the largest mark in the history of the world's greatest show. The majority were tagged as they approached the Square and a large sum was collected. This is the first time the management has asked the public to contribute and the action is legitimate for the funds are to be applied to the purchase of a fair ground, it is reported.

State Highway Police Williams of Portland looked in on the fair Saturday, assisting the county deputies in searching out the un-Volstead fluid and handling traffic.
